As your D.R. Horton Smart Home Concierge, it's our job to make sure all the items in your new smart home are ready to go.

We still need to coordinate one last in-person meeting with you at your new home to deliver and set up your devices that require wi-fi. At this time we will also provide you with an orientation of your entire system and answer any questions you may have.

D.R. Horton is an Equal Housing Opportunity Builder. A D.R. Horton Smart Home is equipped with technology that includes the following: a Z-Wave programmable thermostat manufactured by Honeywell; a Z-Wave door lock manufactured by Kwikset; a Z-Wave wireless switch manufactured by Eaton Corporation; a Qolsys, Inc. touchscreen Smart Home control device; an automation platform from Alarm.com; a SkyBell video doorbell; an Amazon Echo Dot. D.R. Horton reserves the right, without prior notice, to substitute other products for those listed above. Other Smart Home technology features may be offered for an additional charge. For Smart Home technology included in the home to work, homeowners must obtain and pay for their own Internet service and may need to purchase compatible devices and to maintain accounts with third parties for the services. D.R. Horton makes no representation or warranty that any or all of the Smart Home technology is secure, will meet any homeowner needs or will provide any level of physical or cyber security for the home – even if the technology is working as intended. All photos and drawings are for illustration purposes only. See a D.R. Horton sales agent for complete information. D.R. Horton is a registered trademark of D.R. Horton Management Company, Ltd. All other trademarks shown are the property of their respective owners. Amazon, Echo, Alexa, and all related logos are trademarks of Amazon.com, Inc. or its affiliates.
